

### 3. FINDING ROOM

Finding time  
in your life  
to think of others  
as He taught us to

Finding room  
in your heart  
to care for others  
as he showed us to

If we let our light shine on those we can  
they will know  
How much they are thought of by the kindness  
that we show

This year, we are celebrating our 10th Anniversary.  
“Finding Room” is our 26th production and we have  
visited more than 20 churches.  
You can find out more about Christian Voices and  
the plays we have performed on our website:

### 1. MISTAKES

We won't go through life not  
making mistakes for  
no one is perfect and always in  
the right  
How can we deny that they'll  
always be a certainty?  
Our lives will be shaped  
by their size and their frequency

So when you know that  
you've made a mistake you  
need to accept it before you  
carry on  
It's yours so don't try  
and find somebody else to  
blame  
Learn from the mistake  
so you'll never make it again

### 2. CHANGES

The winds of change will blow through  
our lives  
Somehow we have to learn to cope  
And some will think how they are need-  
less  
But some will be filled with hope

### CHORUS:

Don't close your door  
to changes that come your way  
They're part of life  
When they come they're here to stay

Sometimes we know that change is com-  
ing  
or it can take you by surprise  
They'll draw a line under what you did  
and make you say your goodbyes

### CHORUS:

Don't close your door  
to changes that come your way  
They're part of life  
When they come they're here to stay
